VALLURU MAHAMMAD

+91 7075578570 | vallurumahammad786@gmail.com | LinkedIn | GitHub | Hyderabad, Telangana, India

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience building scalable backend applications using Java, Spring Boot, REST APIs, and MySQL. Skilled in developing secure authentication systems, containerized deployments, and CI/CD workflows using Docker and GitHub Actions. Strong foundation in backend architecture, API integration, and Agile development practices, with Oracle Cloud Infrastructure AI Foundations certification and a focus on building reliable, production-oriented solutions.

TECHNICAL SKILLS

Programming Languages	Java, SQL, JavaScript
Backend Technologies	Spring Boot, Hibernate, JPA, RESTful APIs, JWT Authentication
DataBases	MySQL, MongoDB, Redis
DevOps & Tools	Docker, Git, GitHub Actions, Postman, Maven, VS Code
Cloud & Concepts	CI/CD, OOP, Agile Scrum, SDLC, Multithreading, n-Tier Architecture
Web Technologies	HTML5, CSS3, React.js
Soft Skills	Problem Solving, Collaboration, Analytical Thinking, Communication

EDUCATION

B.Tech in Electronics & Communication Engineering — Oct 2022 – May 2025
Madanapalle Institute of Technology & Science — CGPA: 8.62

Diploma in Electronics & Communication Engineering — Jun 2019 – Apr 2022
Government Polytechnic College, Rayachoti — Percentage: 85%

Secondary Education (Class X) — Jun 2018 – Mar 2019
ZP High School, Rayachoti — CGPA: 9.2

PROJECTS

Job Board - Full Stack Recruitment platform — GitHub

- Built a job portal with authentication, job posting, and application management. Developed REST APIs and integrated them with the React frontend.
- Developed REST APIs and integrated them with the React frontend.
- Used GitHub Copilot and Cursor for AI-assisted development and debugging.
- **Tech Stack:** Java, Spring Boot, React.js, MySQL, REST APIs, GitHub Copilot, Cursor

ShopVerse — E-Commerce Platform — GitHub

- Designed and implemented backend modules for authentication, order processing, and payment workflows. Automated deployment workflows using Docker and GitHub Actions to improve development efficiency.
- **Tech Stack:** Java 17, Spring Boot, MySQL, Redis, React.js, Docker

CERTIFICATIONS

- Google Cloud Digital Leader — May 2026
- EF SET English Certificate — Apr 2026
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle — Aug 2025
- Networking Essentials — Cisco Networking Academy — Jul 2024
- Java Development — Technohacks EduTech — Jun 2024

ACHIEVEMENTS

- Achieved AIR 471 in APECET 2025, demonstrating strong analytical and problem-solving skills.
- Volunteered at ECLECTICA 2023, supporting event coordination, technical setup, and participant management for smooth execution of technical events.
- Actively participated in multiple technical and cultural events organized by the college and student clubs.
